100+ Years of Windshield Wiper Innovation Applied Directly to Your Windshield

TRICO®

For over one hundred years, TRICO has engineered and manufactured premium wiper blades, bringing the latest innovations and original equipment rigor and quality to the wiper blade industry to keep you and your passengers safe with maximum visibility in all driving conditions.

TRICO Force+
is a beam blade that converts wind force for maximum windshield contact thanks to the asymmetrical spoilers specifically designed for left-hand and right-hand cars.

TRICO Flex
is an advance technology beam blade which provides uniform pressure across the entire windshield at an affordable price.

TRICO Ice
is a rugged and durable winter wiper blade designed specifically to combat severe weather and still offer optimal performance.

TRICO Rear Wipers fit both beam and integral wiper arms and ensure 360 degrees of clear driving visibility through advanced beam technology

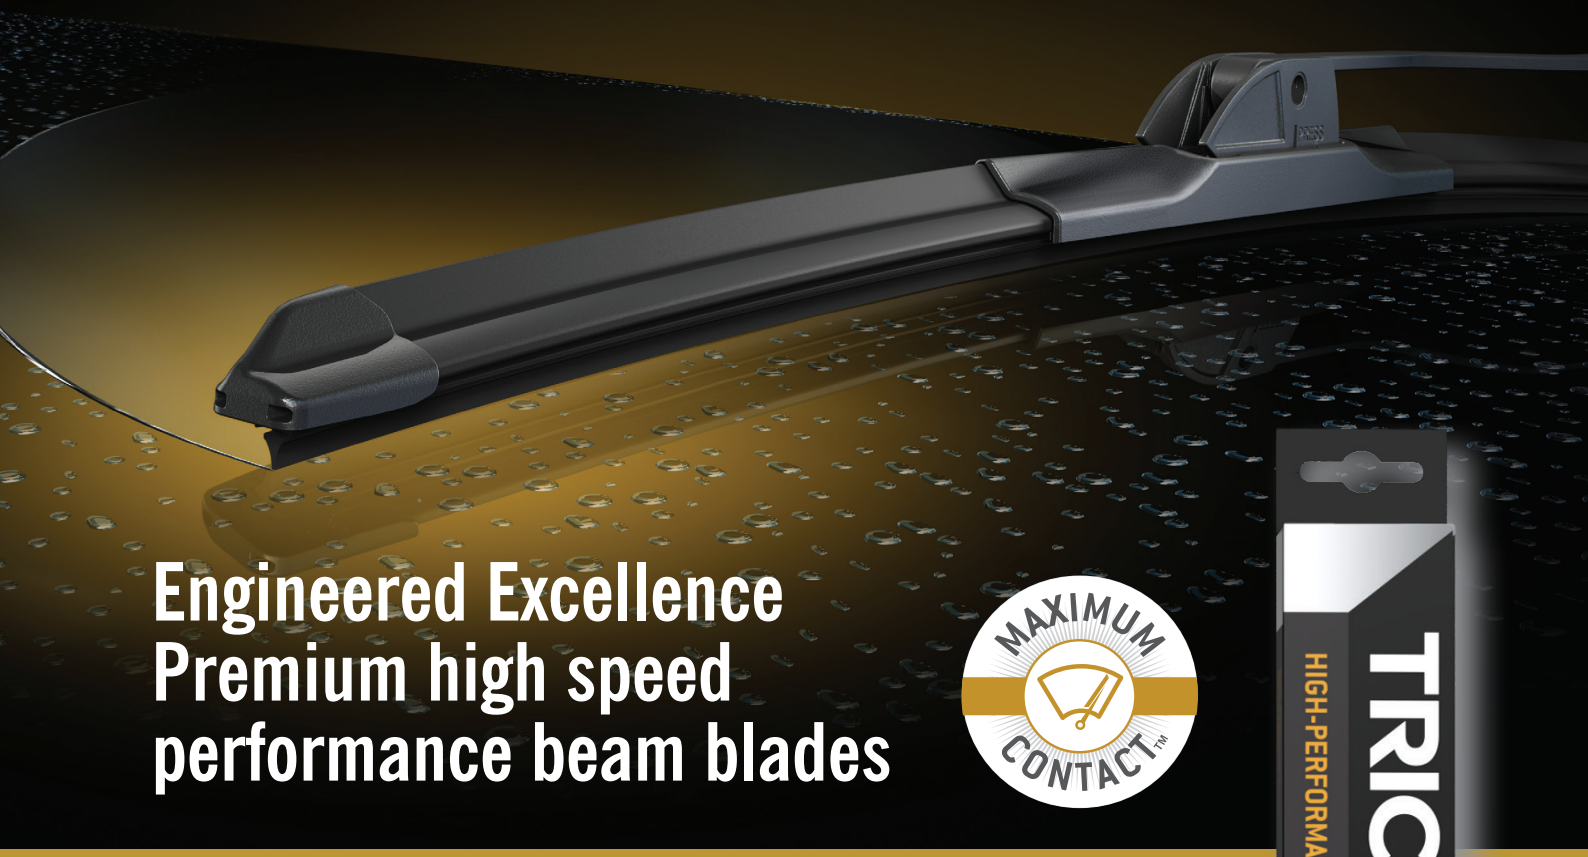

TRICO Force+™

Engineered Excellence
Premium high speed performance beam blades

TRICO Force+ is engineered for today's intense driving environment. The beam blade converts wind force for maximum windshield contact ensuring better visibility in all driving conditions.

TRICO Force+ wiper blade features:

- Asymmetrical spoilers ensure maximum windshield contact
- Patented twin-point coupler design for perfect load distribution
- OE style clips offer easy installation for consumers and garages alike
- 95% vehicle coverage for all 9 major wiper arm types with just 5 connectors
- Available wiper lengths ranging from 350mm/14" to 800mm/32"
- New cardboard, less plastic packaging

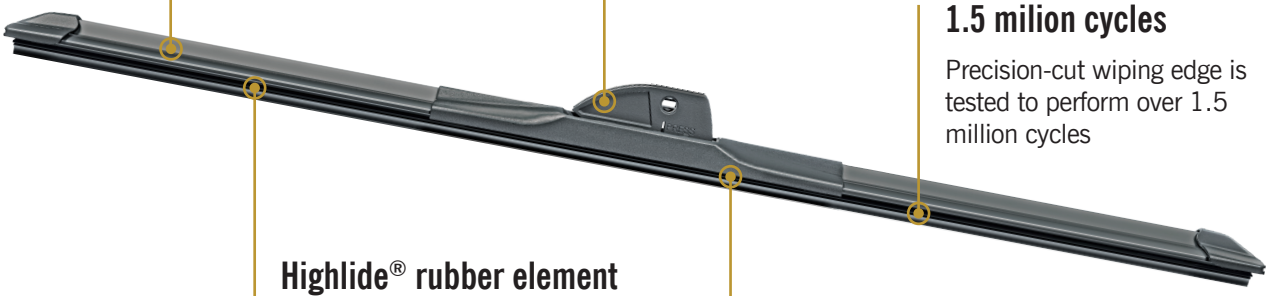

REENGINEERED PACKAGING

TRICO®

TRICO wiper blades come through when your customers need them most.

Turning wind force into wiper pressure

Maximum performance wiper blades engineered to perform under the most extreme weather conditions. Designed with an innovative aerodesign, these high-performance wiper blades control airflow and transfer it into maximum wiper/glass contact for a flawless wipe, providing excellent visibility in all driving situations

VorTec® Aerofoil

Converts wind force for maximum windshield contact

SWIFT® Easy Connection

Offers quick and easy wiper replacement

1.5 milion cycles

Precision-cut wiping edge is tested to perform over 1.5 million cycles

Highlide® rubber element

Treated rubber element for a quieter wipe

All weather

Robust superstructure for durable all-weather performance

TRICOFlex®

Advanced beam blade technology for everyone

TESTED OVER 1.5 MILLION WIPES™

TRICO Flex wiper blades offer advanced protection and a universal fit with a price that allows drivers access to the latest beam technology. Manufactured using TRICO's latest OE design blade structure, the one-piece wiper design provides excellent visibility in all types of weather.

TRICO Flex wiper blade features:

- SWIFT Easy Connection Technology offers easy installation for consumers and garages alike
- Memory Curve Steel beam distributes uniform pressure for a clean and clear wipe
- 95% vehicle coverage for all 9 major wiper arm types with just 5 connectors
- Available wiper lengths ranging from 350mm/14" to 800mm/32"
- New cardboard, less plastic packaging

TRICO Flex has been tested to perform over 1.5 million cycles, so you know your customers will experience outstanding performance for the life of the wiper.

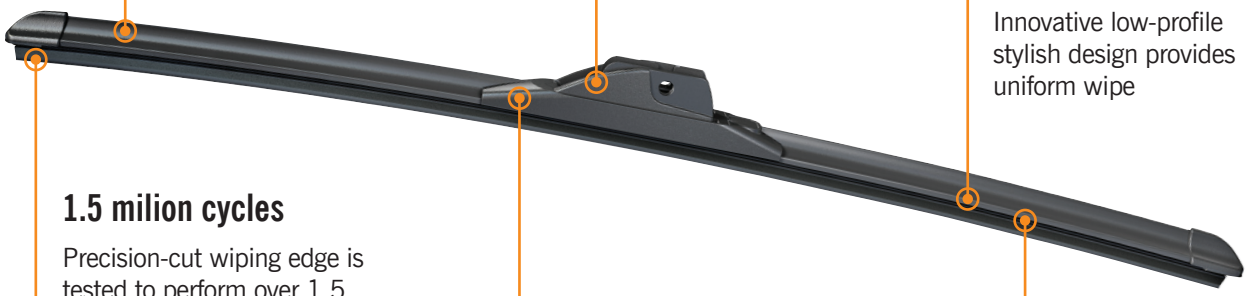

REENGINEERED PACKAGING

TRICO®

TRICO wiper blades come through when your customers need them most.

The anatomy of a better wiper blade.

TRICO Flex delivers premium beam wiper blade performance for all vehicle types – featuring laser twin-rail blade technology, an integrated rubber airfoil, and SYNC Easy Connection Technology allowing you to fit a connector in as little as 1 second. With just 15 references delivering 95% vehicle coverage, and only 5 connectors covering all 9 major wiper arm types, TRICO Flex is the perfect wiper blade solution for all workshops, factors and retail environments.

Memory Curve Steel®

Provides uniform pressure for the clearest wipe

SWIFT® Easy Connection

Offers quick and easy wiper replacement

Innovative Design

Innovative low-profile stylish design provides uniform wipe

1.5 milion cycles

Precision-cut wiping edge is tested to perform over 1.5 million cycles

Dual point coupler

Helps eliminate straking

TRICO Ice®

Reliable performance in unpredictable conditions.

TRICO Ice is more than just a winter wiper blade – it is a premium winter weather fighter. TRICO Ice provides maximum wiper performance in the most unrelenting and harsh winter driving conditions due to its heavy-duty rubber element infused with a specially formulated coating.

TRICO Ice Features and Benefits:

- Ruggedly constructed armour seals the blade structure from harsh elements like ice and snow
- Robust, heavy-gauge wiper element resists tearing in sub-zero temperatures
- SYNC Easy Connection Technology offers easy installation for consumers and garages alike
- 85% vehicle coverage for 8 major wiper arm types with 4 connectors
- Available wiper lengths ranging from 400mm/16” to 700mm/28”
- New cardboard, less plastic packaging

REENGINEERED PACKAGING

TRICO®

TRICO wiper blades come through when your customers need them most.

Engineered for the most extreme winter weather

TRICO Ice has a specially designed, ruggedly constructed, synthetic blended armour. This offers flexibility whilst protecting critical wipercomponents from ice and snow. These blades are easy to install, and offer unmatched winter performance combined with sleek styling

VorTec® Aerofoil

Converts wind force for maximum windshield contact

Easy Connection Technology

Makes installation simple in cold temperatures

Durable construction

Ruggedly constructed armor shields blade from severe weather

Flexible design

One-piece, flexible design snugly conforms to the windshield

Ice resistant

Robust, heavy-gauge wiper element resists tearing in sub-zero temperatures

TRICO Rear MD

The wiper industry's only complete line of universal rear beam blades.

TRICO Rear wiper blades are a truly universal range of rear wipers that fit both beam and plastic integral wiper arm types. Employing advanced beam technology, TRICO Rear delivers the very best rear wiper performance for all vehicles.

TRICO Rear Features and Benefits:

- Twin rail steel design delivers optimum pressure distribution
- TRICO formulated rubber composition ensures long life and quiet wiper performance
- 85% vehicle coverage with just 12 SKUs
- Available wiper lengths ranging from 250mm/10" to 400mm/16"
- New cardboard, less plastic packaging

TRICO®

TRICO wiper blades come through when your customers need them most.

Revolutionary Rear Blade Technology

Original factory quality also provides the same look and performance as when the vehicle was new. So get the rear wiper blade that protects your customers and your profits.

Beam Blade Wiper

Beam blade technology provides uniform pressure for an improved, streak-free wipe

Multiple Adaptor Technology

Multiple adaptor system reduces 27 SKUs to only 12, while also increasing coverage

Durable construction

Fits both beam and integral wiper arms
